

Congratulations on your decision to make the move to Crestwood Village! As Bob Gregory has often said, “It’s easier and more affordable than you think!” And now, it’s even easier than ever before, thanks to our partners Here to There Movers.

Your Crestwood Village Leasing Counselor will work closely with you to schedule your move to Crestwood Village. He or she will set a specific moving date and time with you and will schedule that date with our partners Here to There Movers to pack and move you. Due to the tremendous popularity of this service, it is important you do your best to stay on schedule and keep your specific moving date, once it is set. All move-ins must take place on or before July 31, 2014 in order to qualify for the move in special. Keep in mind, moving dates toward July 31<sup>st</sup> will book up very quickly and there is a limited number of moves available per day.

The day of your scheduled move, Here to There Movers will provide up to 10 hours of moving services with a truck and a two man crew. The moving services will include a combination of packing, moving, and unpacking, plus the use of packing materials. Any hours of moving services after the initial 10 hours, which will be paid for by Crestwood Village, will be charged to you. Here to There Movers will provide an estimate for any additional fees at a discounted rate of \$50 per hour, nearly a 50% off the regular rate charged. You may choose whether to extend the services at your own cost, or you may choose to end the services at 10 hours and complete the move on your own without Here to There Movers assistance.

Here to There Movers will move you to your new home at Crestwood Village, from anywhere within the nine counties that make up greater Indianapolis. If you live outside of the greater Indianapolis area you will be charged a fee of \$50 for fuel and labor expense per each county line the company must cross. Please understand, the moving company will not be able to transport any people for you or move any of your belongings to other locations such as a storage facility.
